

## SPECIFICATION

### 2,3,5-Tri-O-benzyl-D-ribofuranose

|                   |                             |
|-------------------|-----------------------------|
| Product Code:     | MT05249                     |
| Synonyms:         | Tri-O-benzyl-D-ribofuranose |
| CAS Number:       | 54623-25-5,89615-45-2       |
| Chemical Formula: | $C_{26}H_{28}O_5$           |
| Molecular Weight: | 420.5                       |

## TECHNICAL SPECIFICATION

|                                        |                          |
|----------------------------------------|--------------------------|
| Appearance:                            | White to off-white solid |
| Purity (HPLC):                         | Min 98%                  |
| Identity ( $^1H$ NMR)<br>( $CDCl_3$ ): | Conforms to structure    |
