

Product Information

Prostaglandin E₁ ethyl ester

Item No. 9001730

CAS Registry No.: 35900-16-4
Formal Name: 11 α ,15S-dihydroxy-9-oxo-prost-13E-en-1-oic acid, ethyl ester
Synonyms: Alprostadil ethyl ester, PGE₁ ethyl ester
MF: C₂₂H₃₈O₅
FW: 382.5
Purity: ≥95%
Stability: ≥2 years at -20°C
Supplied as: A crystalline solid
UV/Vis.: λ_{max} : 288 nm

Laboratory Procedures

For long term storage, we suggest that prostaglandin E₁ (PGE₁) ethyl ester be stored as supplied at -20°C. It should be stable for at least two years.

PGE₁ ethyl ester is supplied as a crystalline solid. A stock solution may be made by dissolving the PGE₁ ethyl ester in the solvent of choice. PGE₁ ethyl ester is soluble in organic solvents such as ethanol, DMSO, and dimethyl formamide, which should be purged with an inert gas. The solubility of PGE₁ ethyl ester in these solvents is approximately 100, 50, and 75 mg/ml, respectively.

Further dilutions of the stock solution into aqueous buffers or isotonic saline should be made prior to performing biological experiments. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. Organic solvent-free aqueous solutions of PGE₁ ethyl ester can be prepared by directly dissolving the crystalline solid in aqueous buffers. The solubility of PGE₁ ethyl ester in PBS, pH 7.2, is approximately 2 mg/ml. We do not recommend storing the aqueous solution for more than one day.

PGE₁ is the theoretical cyclooxygenase metabolite of dihomo- γ -linolenic acid.¹ Its pharmacology includes vasodilation, hypotension, and anti-platelet activities. The IC₅₀ value of PGE₁ for the inhibition of ADP-induced human platelet aggregation is 40 nM.^{2,3} PGE₁ is used to treat male erectile dysfunction and to maintain ductus arteriosus patency in infants.^{4,5} PGE₁ ethyl ester is an esterified form of the free acid which may be more amenable for certain applications.

SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman warrants only to the original customer that the material will meet our specifications at the time of delivery.

Cayman will carry out its delivery obligations with due care and skill. Thus, in no event will Cayman have any obligation or liability, whether in tort (including negligence) or in contract, for any direct, indirect, incidental or consequential damages, even if Cayman is informed about their possible existence.

This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees.

Buyer's exclusive remedy and Cayman's sole liability hereunder shall be limited to a refund of the purchase price, or at Cayman's option, the replacement, at no cost to Buyer, of all material that does not meet our specifications.

Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.

For further details, please refer to our Warranty and Limitation of Remedy located on our website and in our catalog.
