**Product Analysis**

**EM Protein A: 15nm Gold**

**Product Information**

Product Code: EM.PAG 15  
Batch Number: ****  
Protein Absorption: Not Applicable  
Protein Concentration: 4.8µg / ml  
Storage Buffer: Tris Buffered Saline pH8.2 containing 1% BSA,  
15mM NaN3 (preservative) and 20% Glycerol  
Storage: Store at 4°C

**Quality Control**

Protein Detected: 4pg  
Optical Density: 3.1  
Mean Diameter: 15.1nm  
Coefficient of Variation: 6.3%  
Percentage Single Particles: 100%  
QC approved: ___________________________

For in vitro research only. Not for diagnostic use
