AB-46-F

100µL / vial (1mg / mL)

EMR8-5

IgG1

Phosphate buffered saline pH7.4 , 0.05% Sodium Azide

recombinant HLA-A*2402 extracellular domain

Heavy chains of HLA-A, HLA-B, HLA-C

Immunohistochemistry (formalin-fixed tissue)

Western blotting

Optimal dilutions / concentrations should be determined by the user.

Store at 2—8℃. Do not freeze.

For research and in vitro use only. Not for diagnostic or therapeutic work.
