PRODUCT INFORMATION

Product Name: Anti-Cry j 2 rabbit IgG fraction
Code No.: HBL-Ab-2-000
Size: 100 µg, 200 µl/vial (Frozen Liquid)

This product is for research use only

Specification and Use

Specificity :

This antibody was obtained from Cry j 2 antigen (Japanese cedar pollen allergen) immunized Rabbit serum (Japanese White strain). This antibody cross-reacts against Cry j 1 antigen less than 10%.

Preparation & form :

Rabbit IgG was purified from the anti-Cry j 2 rabbit serum by ProteinG Sepharose column chromatography. Purified IgG was prepared in the concentration of 500µg/ml with phosphate-buffered saline and frozen. No stabilizers or preservatives are contained.

Storage :

Store below -20°C. Avoid multiple freeze/thaw cycles by storage in appropriate aliquots.

Applications :

Dilute 1:100~400 for western blotting.
